- Facilitated by AIDT Learning Mastery Experts and Coaches

PCDM

Certification Requirements

Completion Date

Candidates are given 45 calendar days (or 6 weeks) to complete thirty (30) asynchronous online courses plus five (5) mentoring sessions (of 2 hours per session). The full certification program must be completed within 6 months (or 24 weeks).

Learning System

Litmos LMS (Learning Management System) by SAP will be used for the delivery of Pre-Recorded Online Lectures. Zoom Meeting Apps will be used for the Virtual Coaching Sessions.

Learning Mastery

Proof of Learning Mastery is evaluated and graded as follows:

- For asynchronous online lectures – through online multiple choice examination tests
- For synchronous mentoring sessions – submission of final paper or minicapstone project that applies knowledge learned to the participants' jobs

Final Requirement

A final paper or mini-capstone project is required to be submitted by the candidates two (2) weeks after the final coaching session. Students can complete different aspects of their final paper or project assignment for the duration of their 6-week certification program.
